

eGo AIO 2

Attention

1. With child-lock system, press the top cap to unscrew.
2. Please drip at least 5 drops of e-juice to the atomizer head before its first use to avoid dry burn.
3. Please do not overfill beyond MAX line.

4. Rotating the top cap to adjust the air inflow as instructed.

5. After filling and assembling, please vape a few times in power-off condition (with airflow widely open) to avoid dry burn.
6. While vaping, the indicator light stays lit according to the battery capacity.
